

Company: ECHOtape 1-800-461-8273	Date: October, 2018
SECTION 1: IDENTIFICATION	
Product Name	VI-V6460
Product Use	Seam tape
SECTION 2: HAZARDS IDENTIFICATION Products should not represent a health or safety hazard under recommended or normal use. However misuse of these products may affect performance and present a potential health or safety hazard	
Hazard Designation	None Applicable
Information pertaining to particular dangers for man and environment	None Applicable
Classification system	The classification is in line with current EC lists. It is expanded, however, by information from technical literature and by information furnished by supplier companies.
Additional Information	The product evidently does not contain any organically bonded halogen compounds (AOX), nitrates, heavy metal compounds or formaldehydes.
SECTION 3: COMPOSITION/INFORMATION ON INGREDIENTS	
Backing	Compounds of PVC
Adhesive	Solvent acrylic
Liner	Siliconized paper
SECTION 4: FIRST AID MEASURES	
General Information	No special measures required
Eye(s)	Processing vapor may cause slight irritation
Skin contact	Very slight irritation
Ingestion	No need for first aid is anticipated
Inhalation	Very slight irritation
SECTION 5: FIRE HAZARDS	
Flash Point	Not applicable
Suitable Extinguishing Agents	Water, Carbon dioxide, Dry chemical
Special Hazards caused by Materials, its products of combustion or flue gases	Normal combustion forms carbon dioxide, water vapor, and may produce carbon monoxide, original monomer, other hydrocarbons and hydrocarbon oxidation products, depending on temperature and air availability
Protective equipment	No special measures required

Additional information	This material will burn under fire although it is not easily ignited. For fires involving this material, do not enter any enclosed or confined fire space without proper protective equipment, including self-contained breathing apparatus.
-------------------------------	--

SECTION 6: ACCIDENTAL RELEASE MEASURES	
Person-related safety precautions	Not required
Measures for environmental protection	No special measures required
Measures for cleaning / collecting	Collect mechanically
Additional information	No dangerous materials are released
SECTION 7: HANDLING AND STORAGE	
Information for safe handling	No special measures required
Information about protection against explosions and fires	Molten polymer may cause severe thermal burns. The interior of molten masses may remain hot for some time because of low thermal conductivity of the polymer. Use care when disposing of or handling such masses.
Requirements to be met by storerooms and containers	No special requirements
Information about storage in one common storage facility	Not required
Further information about storage conditions	Store away from heat or flames, or other sources of ignition. Store out of direct sunlight.
Storage class according to regulation on inflammable liquids	None
SECTION 8: EXPOSURE CONTROLS/PERSONAL PROTECTION	
Additional information about design of technical systems	No further data, see item 6
Components with critical values that require monitoring at the workplace	The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace.
Additional information	The lists that were valid during the compilation were used as a basis
General protective and hygienic measures	The usual precautionary measures should be adhered to in handling the chemicals
Breathing Equipment	Not required – Avoid breathing of thermal decomposition products
Eye Protection	Not required – Avoid eye contact
Protections for hands	Not required

Body Protection	Not required
-----------------	--------------

SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES	
Form	Solid material
Colour	Colourless
Smell	Odourless
Melting Point / Melting Range	Not determined
Boiling Point / Boiling Range	Not determined
Flash Point	Not applicable
In flammability (solid, gaseous)	Not applicable
Ignition Temperature	Not determined
Self-In flammability	Product is not self igniting
Danger of Explosion	Product is not explosive
Density	Not determined
Solubility in / Miscibility with water	Insoluble
Organic Solvents	<1%
Solids Content	100%
SECTION 10: STABILITY AND REACTIVITY	
Thermal decomposition / Conditions to be avoided	No decomposition if used accordingly
Dangerous Reactions	No dangerous reactions known
Dangerous products of decomposition	No dangerous decomposition products known
SECTION 11: TOXICOLOGICAL INFORMATION	
Primary irritant on skin	Wash immediately with plenty of water if symptoms appear
Primary irritant on eyes	Rinse immediately with plenty of water if symptoms appear. In any case, seek medical advice ASAP
Sensitization	No sensitizing effect known
Additional Toxicological Information	Fish LC50 (48h): N.A. Algae (96h): N.A. Daphnia LC50 (48h): N.A. Bacteria (6h): N.A. Adverse effects would not be expected
SECTION 12: ECOLOGICAL INFORMATION	
General Notes	Water hazard class 0 (self-assessment): generally not hazardous for water

SECTION 13: DISPOSAL CONSIDERATIONS	
Product Recommendation	Avoid contaminating soil or releasing this material into sewage and drainage systems and bodies of water
Unclean Packaging Recommendation	Disposal must be made according to official regulations
SECTION 14: TRANSPORT INFORMATION	
Transport / Additional Information	Not Dangerous according to the above specifications
SECTION 15: REGULATORY INFORMATION	
Designation according to EC guidelines	Observe the normal safety regulations when handling chemicals. The product is not subject to identification regulations under EC Directives and the Ordinance on Hazardous Materials (GefStoffV)
SECTION 16: OTHER INFORMATION	
These data are based on our present knowledge. However, they shall not constitute a guarantee for any specific product features and shall not establish a legally valid contractual relationship.
